Yellow 

Gets you on the water!

# INFLATABLE SUP BOARDS

## YVSUP08 - Small Paddleboard 'Iguazu'

The playful 8-foot Iguazu is designed especially for kids or lightweight paddlers. Its short length allows for easy turning, and its extra-wide width gives a bit more balance. Plus, an offset centre handle allows for easy carrying. The Iguazu features a total of five handles, so it's easy to get on the board while in the water. Six D-rings provide plenty of options to tie your stuff on. It's an absolute lightweight at 8,5 kg and rigid enough to hold up to 75 kg, with the sweet spot for riders between 50 and 60 kg. For stability, three removable fins are supplied. The fun continues on land with a board game on the back of the board (pawns and dice are included in the kit). The 5-mm EVA foam offers a comfortable platform, while the 1,5-mm drop-stitched PVC is highly durable and built to last.

### Kit includes

## Specifications YVSUP08

Category	all-round
Length	250 cm / 8 ft
Width	73 cm / 29 in
Thickness	10 cm / 4 in
Weight	8,5 kg / 18,7 lb
Volume	153 liter
Max load	75 kg / 165 lb
EVA foam / shore	5 mm / 45-50A
Construction	Double layer PVC
Valve	Bravo A102886
Number of handles	5

## YVSUP09 - White Water 'Yosemite'

When you want to spice it up, this is your companion. Suitable for fast-flowing rivers and in the breakers, this rocker board is highly manoeuvrable and can be turned on the spot with its raised kick pad. The three detachable fins can be easily replaced, and you benefit from more stability due to the extra width of this board. If you are SUP-ping on the edge, consider the Yosemite. Because of its adventurous nature, we've made this board as smooth as possible. Weighing a mere 9 kg with the rigidity of a hard board, you'll be carving through the white water like a pro!

Agile, sturdy, and light – this board is your wingman on the wild river.

### Kit includes

## Specifications YVSUP09

Category	white water
Length	287 cm / 9.5 ft
Width	88,9 cm / 34,6 in
Thickness	15 cm / 6 in
Weight	9 kg / 19,8 lb
Volume	292 liter
Max load	130 kg / 286 lb
EVA foam / shore	5 mm / 45-50A
Construction	Fusion PVC
Valve	Bravo A102886
Number of handles	3

## YVSUP11 - All-Round Tourer 'Angel'

The all-round tourer of our inflatable SUP range, the Angel is your trusted companion when expanding your horizon. This SUP is fast enough to cover large distances, yet very stable so you can safely bring a backpack (or even your pet). Suitable for both novices and intermediate paddlers, it features a luggage net to secure your belongings and multiple D-rings to secure it to riverbanks or your boat. When properly inflated, this board feels like a rigid board and can even be used for wave surfing! And it features a fun board game on the back to entertain you when you are out of the water.

Highly manoeuvrable, stable, and fast – the Angel will last many endless summers.

### Kit includes

### Specifications YVSUP11

Category	touring
Length	335 cm / 11 ft
Width	80 cm / 31,2 in
Thickness	15 cm / 6 in
Weight	11,5 kg / 25,4 lb
Volume	322 liter
Max load	130 kg / 286 lb
EVA foam / shore	5 mm / 45-50A
Construction	Fusion PVC
Valve	Bravo A102886
Number of handles	9

## YVSUP13 - Sports Tourer 'Tugela'

The sportier, bigger brother of the Angel, the Tugela is a 13-foot (400-cm) race/tour SUP. Designed for those who want to go even faster than with the Angel, this board slices through the water. The new X-woven drop stitch makes the board both stiffer and lighter than its smaller brother. The small kick pad makes turning a lot easier, and you can easily store a YellowV blender bottle or dry bag beneath the luggage net.

This is the ideal inflatable SUP for the faster paddle holders among us.

### Kit includes

### Specifications YVSUP13

Category	fast touring
Length	400 cm / 13 ft
Width	73 cm / 28,7 in
Thickness	15 cm / 6 in
Weight	9,3 kg / 20,5 lb
Volume	360 liter
Max load	130 kg / 286 lb
EVA foam / shore	5 mm / 45-50A
Construction	X-woven MSL fusion PVC
Valve	TOTORA "V1002"
Number of handles	5

## YVSUP14 - Overnight Tourer 'Niagara'

The YellowV Niagara 14-foot overnight SUP measures 426 cm long and is constructed using the latest X-woven drop-stitch technique, making it stiffer and lighter than the Angel. This overnight SUP is thoughtfully designed for adventurous paddlers who make extensive trips on their boards. Two large luggage nets offer enough space for your clothes, food, and a tent. This SUP is designed for advanced and ambitious paddlers who want to make long and extensive tours.

It is truly the king of our touring boards.

### Kit includes

## Specifications YVSUP14

Category	overnight touring
Length	426 cm / 14 ft
Width	83 cm / 32 in
Thickness	15 cm / 6 in
Weight	11,9 kg / 26,3 lb
Volume	390 liter
Max load	140 kg / 308 lb
EVA foam / shore	5 mm / 45-50A
Construction	X-woven MSL fusion PVC
Valve	TOTORA "V1002"
Number of handles	5

## YVIFP8 - Personal Island 'Hawaii'

A private island may only be for the lucky few. But, if you feel the need for your own island this summer, YellowV comes to the rescue with the Hawaii platform! Dream away on the soft deck, practice yoga to work on your inner balance, or turn the platform into a floating picnic table whilst paddle boarding with friends. The Hawaii platform is not only fun, it's also practical as it can double as a service platform. Giving your boat a quick once over while it's in the water is a piece of cake using this YellowV platform. Your private island comes equipped with industrial-quality Velcro to secure the cushion set and features multiple D-rings to keep the platform in place or tie multiple platforms together. Enjoy the platform with your friends and play three different board games on the bottom!

So, are you going for that private island this summer?

### Kit includes

## Specifications YVIFP8

Category	yoga / sunbed / service platform
Length	250 cm / 8 ft

## Accessories for SUP board & Platform

Type	Description
YVLEAS01	Leash, 8' coiled for SUP's up to 8'
YVLEAS02	Leash, 10' coiled for SUP's up to 10'
YVLEAS03	Leash, 12' coiled for SUP's up to 12'
YVLEAS04	Leash, 13' coiled for SUP's up to 13'
YVLEAS05	Leash, 14' coiled for SUP's up to 14'

Type	Description
YVPAD02	3-piece paddle, aluminium v2.0 for stand-up paddling/kayaking
YVPADFLOA	Paddle float for adjustable SUP and kayak paddle size 30 x 6,9 cm

Type	Description
YVTOW01	Protection fabric 3.000 x 900-mm microfiber, for SUP's and platforms

Type	Description
YVSKIT	SUP kit glue, (5) pads, key, pawns, cards, phone case and 2 liter dry bag
YVPKIT	Platform kit glue, (5) pads, key, pawns, cards, phone case and 2 liter dry bag
YVKKIT	Kayak kit Glue, (5) pads, key, cards, phone case and 2 liter dry bag

Type	Description
YVPUMP01	Pump, high-pressure, double acting for SUP's and platforms
YVPUMP02E	Electric pump for SUP/Boat/Kayak, works on both the 12V car socket as well as on the 15000mAh battery - inflates up to 4x YVSUP11 to 15 psi/1 bar on a single battery charge

Type	Description
YVBAG02	Backpack suitable for YVSUP08, YVSUP09, and YVSUP11
YVBAG03	Backpack suitable for YVSUP13 and YVSUP14
YVBAG04	Backpack suitable for YVIFP8
YVBAG05	Backpack suitable for YVKAYAK1P, YVKAYAK2P and YVKAYAK3P

# SUP BOARD ACCESSORIES

Type	Description
YVBAGH02	Dry bag type "tube" black, 2 liter
YVBAGH15	Dry bag type "tube" black, 15 liter
YVBAGH70	Dry bag type "tube" black, 70 liter
YVBAGY15	Dry bag type "tube" yellow, 15 liter
YVBAGY70	Dry bag type "tube" yellow, 70 liter

Type	Description
YVFIN01	Yellow 9-in centre fin for all SUP boards
YVFIN02	Set of (2) black 4.5-in side fins for YVSUP08 09 11 SUP's
YVFIN03	Set of (2) black 4.5-in fins for YVSUP14, fits centre/side boxes

Type	Description
YVBBOTTLE	Blender Bottle, 0,5 liter for protein shakes and pre-workout drinks

Type	Description
YVCUSH01	Set of (2) cushions, black carbon "look" for inflatable platform YVIFP8

Type	Description
YVCARDS	Waterproof card game

Type	Description
YVREPAIR	Repair kit glue, (5) pads, key

Type	Description
YVSSEAT01	SUP and kayak seat, black

# INFLATABLE KAYAKS

## YellowV Kayak Series

As we expand to all types of watersports, we are pleased to introduce our new range of kayaks. We have three different lengths to accommodate one, two and three persons. As with our SUP's, we offer high-quality kayaks with the signature YellowV styling. Both the sidewalls and bottom are made with drop-stitch technology. All kayaks are roomy enough for your gear and come with a 15-liter drybag to keep your stuff dry. The flat bottom provides stability while the pre-shaped nose and tail sections make sure you glide through the water. Adventure lies ahead!

### Specifications YVKAYAK1P

Category	touring, easy white water, canals
Length	350 cm / 12,1 ft

### All kits include

# INFLATABLE FUN TUBES

## YVFUN1DON 1-person Donut

Experience the thrill of fun tubes with the YellowV Donut!

Category	towable
Deflated size	137 cm / 54 in
Max load	77 kg / 170 lb
Nylon	420 denier
PVC	24 gauge
Valve	one-way Boston valve
Features	quick rope connector, 4 covered handles, integrated water drain

## YVFUN2DIS 2-person Disc

Slide around together on the 2-person YellowV disc!

Category	towable
Deflated size	165 cm / 65 in
Max load	154 kg / 340 lb
Nylon	420 denier
PVC	28 gauge
Valve	one-way Boston valve
Features	quick rope connector, 4 covered handles, neoprene panels and integrated water drain

## YVFUN2TRI 2-person Triangle

Comfy cruisin' or thrilling ride? Only the driver knows...

Category	towable
Deflated size	145 x 188 cm / 57 x 74,8 in
Max load	154 kg / 340 lb
Nylon	840 denier
PVC	28 gauge
Valve	one-way Boston valve
Features	quick rope connector, 4 covered handles, neoprene knuckle guards, 1 water drain

## YVFUN2BAN 2-person Banana

A golden oldy is reimagined in YellowV style!

Category	towable
Deflated size	112 x 201 cm / 44 x 79 in
Max load	154 kg / 340 lb
Nylon	840 denier
PVC	30 gauge
Valve	one-way Boston valve
Features	quick rope connector, 2 covered handles, neoprene knuckle guards, two water drains

## Tow ropes

Type	Description
YVTOWR02	Tow rope for iFuntubes with floater for 2 persons – black / yellow / white

Type	Description
YVTOWR04	Tow rope for iFuntubes with floater for 4 persons – black / yellow / white

Type	Description
YVPUMP02E	Electric pump for SUP/Boat/Kayak, works on both the 12V car socket as well as on the 15000mAh battery

## FUN TUBE ACCESSORIES

# INFLATABLE BOATS

## YellowV Inflatable-Boat Series

If you are looking for something that is light, compact, and easy to store, look no further than the YellowV inflatable-boat series. Experience the great stability of the large diameter tubes and a performance-increasing deep-V hull. A strap to secure the fuel tank or battery is incorporated in the deck as standard. The D-shaped tubes create extra room inside the boat, making YellowV inflatable boats the ideal accessory to have in the back of your car or on the back of your boat for a quick dash to shore.

Because of our multifunctional transom blocks, the YellowV inflatable-boat series accepts both air and aluminium decks. This allows you to mix and match, selecting the appropriate one for your intended use. We offer:

- Fully inflatable drop-stitched decks for comfort and lightness. This technology handles the extremely high pressure needed for performance while being lightweight. This is the easiest tube/deck combination to store.
- Full aluminium flooring for more demanding situations, such as fishing or scuba diving. This tube/deck combination offers the best performance for longer trips or when heavily loaded, as the sturdy aluminium deck creates a rigid hull shape.

When deflated, the boat's compact dimensions allow for easy transportation or storage. YellowV inflatable boats feature an inflatable, V-shaped hull for agile cornering and an adjustable aluminium bench so you can always find a good position to row. Made from 0,9-mm 1100 Decitex heavy-duty PVC and equipped with a reinforced transom that accepts various outboard engines (both petrol and electric), these boats are sturdy, durable, and versatile. We offer the inflatable boat series in a smart grey/blue/yellow colour combination or in YellowV's signature black-and-yellow colour scheme (270 cm and upwards).

- Inflatable deep-V-shaped hull
- Multi-function transom blocks to accommodate both decks
- Non-slip inflatable deck or foldable aluminium flooring
- Multiple grab handles for easy carrying and quick oar storage clamps on the tubes
- Multiple D-rings for towing and hoisting the boat

### Choosing the right boat

YellowV offers you fully inflatable hulls with two types of decks. The preferred deck and length depend on your personal application. Do you need a lot of space, or does the boat need to fit the davits? How many people should be able to enjoy the boat at once? The YellowV inflatable boat series is available in five boat lengths: 200, 230, 270, 300, or 330 cm overall. Upon purchase, you can specify either an inflatable deck or a folding aluminium deck depending on your needs. What makes the YellowV inflatable-boat series unique, are the specially designed transom blocks that accept both deck styles. If your preference ever changes, all you need to do is purchase the additional deck. Whatever deck you choose, both versions are rigid when installed and feature a deep V hull for greater stability at both low and high speeds. Each has its individual advantages – check the specs diagram below.

To provide the optimum freedom in usage, all models are equipped with multiple carrying handles and D-rings for towing, lifting, and anchoring. The fun starts with selecting the right boat. Imagine what adventures you are going to have: rowing ashore to discover new places, exploring the coastline, sunbathing away from the crowd, or snorkelling. It's all up to you!

1. The angled stern tubes and the trim flaps at the transom provide a greater planing surface and buoyancy. In addition, the rounded stern tubes with continuous rubbing strakes are less prone to damage.
2. Convenient grab handles are located at the transom.
3. Additional grab handles are ideally placed for the driver when motoring.
4. Oar storage is located inside the boat, and quick-storage clamps are located on the top of the tubes.
5. The bench can be repositioned and a second bench can be installed as an option.
6. The design features a deep-V keel with a rubbing-strake protector. The side tubes are protected with an additional layer of PVC fabric at the bottom.
7. Multiple D-rings allow for towing and hoisting the boat.
8. Pressure relief valve prevents over-inflation.
9. A one-way drain plug with closure is included.
10. A pump with pressure valve is included to set the right pressure.

## Warranty

Your purchase is covered by the YellowV 3-year warranty. Under this warranty, we may decide to have your faulty product repaired or replaced or we may offer a full or partial refund, depending on the specific situation. A complaint is justified if the defect is not caused by incorrect use of the product or other incorrect conduct. Warranty is on materials (EVA foam) or craftsmanship (seams). Normal wear-and-tear damage, damage caused by misuse, cosmetic damage, improper care, or impacts/accidents are not covered by this warranty. Wear and tear are natural and inevitable damage as a result of normal use and exposure to the elements.
